316 Traditional Remedies Handcrafted All Natural Soap

Check out the new [Product Catalog](#) for our other pure and natural products such as rich body butters, solid lotions, herbal compresses and so much more!

Handcrafted from the finest ingredients using the traditional cold-process method to retain the glycerin naturally created. This glycerin is typically removed in commercial soap because of the manufacturing machinery. Our traditional process also allows the soap to cure for at least 4 weeks prior to being made available to the public. The result of this lengthy process allows each bar to impart its most gentle cleansing and luxurious lather to pamper your skin. Try one and let us know your thoughts!

Relax with Lavender Butter, Revive with Hierba Luisa's bright lemon-mint scent or enjoy the natural antibacterial and antifungal power of Neem oil.

- Ideal for those who insist on quality all natural products
